TO WHOM IT MAY CONCERN,

SCAM ALERT

The attention of the Nigerian Liquefied Petroleum Gas Association (NLPGA) has been drawn to a purported General Notice making the rounds on an extension of bidding timeline and request for bid payment.

The NLPGA is a non for profit organisation, as such we do not transact any form of commercial activity for or on behalf of any company or government agency in Nigeria.

We will like to state unequivocally, that neither the **NLPGA nor its President Mr Nuhu Yakubu** are associated in anyway with the General Notice being circulated. We thus, urge the general public to be mindful and report such activity to the appropriate authority.

The NLPGA will not be liable to any one that falls a victim to this SCAM as we urge companies and individuals to be wary of this and similar fraudulent attempts, and may contact NLPGA through our official channels listed below to conduct due diligence if and when so necessary.

Thank you.
